

Fiber Optic Jumper LC to LC Simplex, Micro Boot, Single-Mode Corning Ultra glass Blue Jacket

PRODUCT FEATURES

Durable Micro Boots

Epic's Micro Boots provide a smaller footprint to prevent crimping and damage induced outages.

Superior Quality Control - 100% interferometer testing

Epic individually tests each cable - no batch testing. Test results are printed on each package for quality assurance.

High Quality Glass

Epic utilizes Corning's highest rated glass providing excellent bend performance to optimize continuous high-speed performance.

Serialized Labeling

Epic ensures that each cable is equipped with clear, serialized labeling for maximum efficiency, and ease of installation and maintenance.

PRODUCT CLASSIFICATION

Part No.	FC-LCLC-SSMB-LMB
LM =	Length Meters
Date	2018-03-14

TECHNICAL PARAMETERS

Fiber Type	Corning SMF-28 Ultra
Material of Cable Jacket	PVC
Cable Jacket Color	Blue
Micro Boot Color	White & Blue
Insertion Loss	≤ 0.3dB
ReturnLoss	≥ 55dB
Durability	≤ 0.2dB 1000times mating cycle
Working Temperature	-40°C--+ 85°C
3D Interferometer Testing	PASS
